Student Experience Survey (SES)
• Quantitative Section •

SES 2022 Results

The Student Experience Survey (SES) is an annual survey led by the Australian Government for students to give feedback on their entire student experience – from the quality of the learning experience and skills development to the resources and support services available.

The survey presents students with the opportunity to tell us what we're doing well and what could be improved to create a better experience.

21%
of students completed the survey last year

Survey response rates

Year	Response rate
2018	37%
2019	30%
2020	35%
2021	22%
2022	21%

• The Learning Experience •

What you said

- You value undertaking industry relevant learning content and gaining knowledge and skills that are applicable in your chosen field.
- You want to engage in fieldwork, industry experiences and a variety of practical projects.
- You enjoy being back on campus and having in-person classes that are hands on and practical.
- You value the combination of online and in class aspects, especially online digital content as they are accessible through the semester.

What we're doing

- Continuing to build an industry-partnered approach at RMIT that ensures connecting with industry & solving real world problems are a core experience for all students.
- Committed to bringing the majority of classes back to a face-to-face mode for Semester 2, 2023, where possible.

• Graduate Employability •

What you said

- You appreciate being exposed to industry and desire more industry connection to ensure that you can network upon graduation.
- You feel as if there is a real focus in making students graduate-ready and would like more programs to help build practical and transferable skills.

What we're doing

- Facilitating meaningful connections between students and industry professionals & employers for skill-building, guidance and employment opportunities through diverse events such as Grad Boot Camp, part-time/casual careers fairs and professional careers fairs.
- Providing professional networking events and industry mentoring to facilitate connections between students and industry professionals for valuable career guidance, advice, and ongoing support.
- Established the Microsoft tech certifications bootcamp to equip students with abundant learning materials, practice assessments, certification exams, and the chance to learn from distinguished Microsoft experts.
- Established the JobAPP program that prepares students for all aspects of the Grad program application process. This program includes advanced features like AI-powered resume, interview feedback, in-person & industry-led mock assessment centres and interviews.

• Support and Connection •

What you said

- You'd like more student life activities to meet and engage with new people and build friendships.
- You value being back on campus and feel a greater sense of community connecting with peers in-person.

What we're doing

- In 2023, we've created the following student life activities to facilitate opportunities for students to engage with each other and build a community:
  - RMIT Kirrip Friends Lunches
  - RMIT Creative Long Table Sessions
  - Student Gym in City Campus (Active Hub launched)
  - Volunteering Expo
  - RMIT Kirrip Monthly Speed Friending
  - Sustainability Week event series
  - Decathlon x RMIT Festival of Sport
  - RMIT Kirrip Place Study Lounge
